

KORN FERRY

BE **MORE** THAN

WE ARE KORN FERRY

BECAUSE WE LOVE THE MUSIC

For the artist, it is the painting. For the pianist, it is the music. And for our more than 10,000 colleagues at Korn Ferry, it is people. It's why we do what we do. First, last and always, leadership is about unleashing potential in others. Their success, performance and inspiration is our aspiration.

And no one knows people better than us.

SIX BILLION REASONS TO WORK WITH US

At Korn Ferry, we are constantly innovating.

This passion is generated from the depth of our intellectual property (IP) and the source of our collective genius—the diverse team of business leaders, psychologists, economists and cognitive and behavioral scientists.

Our One Korn Ferry technology platform integrates Generative AI in all our products and data. It also holds 6 billion data points on assessments, rewards, retention and engagement from organizations in 150 countries. This data, when combined with our scaled analytics, can benchmark your business and define what great looks like.

While we arguably have the world's largest collection of talent and leadership IP, we know that IP without people has no home. Korn Ferry has one of the biggest networks of organizational experts in the world, bringing our access and insights to almost any company and any leader, anywhere in the world. Simply stated, we help the best be at their best—including two-thirds of Fortune Best Companies to work for, 79% of the world's top performing companies, 96% of the top 50 world's most admired companies, and 85% of the FTSE 100.

WHEN BELIEF BECOMES REALITY

Whether it be mindset or skillset, business innovation or strategic transformation, it's good to remember: Rockets didn't take humans to the moon; the dreamers and the engineers did. The internet didn't create a globally networked economy; it was the innovators and creators. Since the beginning of time, people and leaders have been the ultimate differentiator.

And that's exactly the business of Korn Ferry—inspiring others to believe and making that belief become a reality.

Korn Ferry is a global organizational consulting firm. We work with our clients to design optimal organizational structures, roles, and responsibilities. We help them hire the right people and advise them on how to reward and motivate their workforce while developing professionals as they navigate and advance their careers.
